Independent Auditors' Report

The Board of Directors
SIA Securities Corp.:

We have audited the accompanying statement of financial condition of SIA Securities Corp. (the Company) as of December 31, 2005. The statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on the statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of SIA Securities Corp. as of December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

SIA SECURITIES CORP.

Notes to Statement of Financial Condition

December 31, 2005

(1) Nature of Business and Significant Accounting Policies

(a) Nature of Business

SIA Securities Corp. (the Company) is a 75%-owned subsidiary of Sit Investment Associates, Inc. (SIA). The Company is a registered broker-dealer in securities whose primary objective is the promotion and marketing of the Sit Mutual Funds (the Mutual Funds), a group of no-load mutual funds for which SIA is the investment adviser.

(b) Cash and Cash Equivalents

Cash and cash equivalents include all cash accounts, money market mutual funds, and short-term investments with maturities of three months or less.

(c) Valuation of Investments

Investments in the Mutual Funds are recorded at market value using public market quotations.

(d) Use of Estimates

The preparation of the statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

(2) Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) and is required to maintain minimum net capital, as defined, equal to the greater of 6-2/3% of aggregate indebtedness or \$5,000. At December 31, 2005, the Company had net capital of \$70,799, which was \$65,799 in excess of the minimum required. The Company's net capital ratio (ratio of aggregate indebtedness to net capital) was 29.9%.

(3) Management Agreement and Related Parties

The Company has a management agreement with SIA whereby SIA pays most of the Company's operating expenses and provides the Company with office facilities to conduct its business activities. In return for these services, the Company pays a quarterly management fee to SIA. Under the management agreement, the Company pays legal, registration, professional, and insurance costs. However, at its discretion, SIA may voluntarily reimburse the Company. Additionally, SIA pays an annual distribution and marketing fee to the Company in an amount agreed upon by SIA and the Company.

SIA SECURITIES CORP.

Notes to Statement of Financial Condition

December 31, 2005

(4) Income Taxes

The Company has established a valuation allowance for the deferred tax asset associated with historical capital losses.

Tax effects of temporary differences giving rise to the significant components of the deferred tax asset at December 31, 2005 are as follows:

Deferred tax asset:

Capital loss carryover	\$ <u>1,286</u>
Total deferred tax asset	1,286
Valuation allowance	<u>(1,286)</u>
Net deferred tax asset	\$ <u><u>—</u></u>

The Company believes it is necessary to establish a full valuation allowance for the capital loss carryover, as it is more likely than not the net deferred tax asset will not be realized.

(5) Rule 15c3-3

The Company is exempt from Rule 15c3-3 under subsection (k). Under this exemption, the "Computation for Determination of Reserve Requirements" and "Information Relating to the Possession or Control Requirements" are not required.
